

VISION STATEMENT *of* THE NATIONAL GRANGE

The National Grange envisions a vibrant future where rural and small communities thrive with vitality and pride.

The National Grange strives to build a united, resilient nation where families are given the tools they need to succeed.

Through education, advocacy, and community service, the Grange will be an organization where every individual is empowered to contribute to the well-being of their hometowns, and where the rich tapestry that weaves from rural areas through cities is celebrated and preserved for generations to come.

Our commitment to creating and carrying out dynamic programs and experiences will instill family pride, providing excitement, engagement, and enrichment for individuals of all ages.

Rooted in agriculture, we will instill life lessons and relevance for all, promoting sustainability, life skills, and fraternal ties. Drawing together a group of individuals as diverse as each corner of our country, we will advocate for the benefit of our communities through nonpartisan grassroots advocacy, empowering individuals and families of all kinds through support, opportunities, and life resources.

Empowerment of children and youth continues to be a central focus, as we work to be the catalyst for fostering inclusivity, sustainability, and prosperity in every corner of our interconnected society.

As the premier progressive family fraternal organization, the National Grange is dedicated to using its solid, historical foundation to advance a widely recognized, welcoming, and cooperative Order that empowers people to pursue their ideas of entertainment, education, and enlightenment for all who desire to benefit.
